

### **Assistant Marine Service Technician/Dockhand**

We have a great opportunity for someone to become part of the team.

We are looking to recruit a full time Assistant Marine Service Technician/Dockhand.

You would be working as part of a small client facing team providing general and technical support for our growing customer base.

The role would require you to be able to work both ashore and afloat and would suit someone with a love of the sea and a good working knowledge of boats.

Boating experience and RYA Powerboat Level 2 is preferable however we will consider anyone with a positive attitude and a genuine desire to learn and progress a career in the marine industry.

This can be a physically demanding role and may require you to work outside of normal working hours.

### **Job Accountabilities:**

- Positioning/delivery of vessels;
- Working with our technicians to repair and install engines, navigational equipment, operating systems, pumps and steering mechanisms;
- Working with our technicians on the maintenance of fibreglass, metal and woodwork.
- Fuelling of boats;
- General yard/dock duties;
- General cleaning and maintenance of vessels;

### **Skills Required:**

- Be motivated and proactive;
- Excellent attention to detail and strong self-discipline;
- Ability to read and understand technical manuals;
- The ability to follow written/verbal instructions;
- A willingness to learn and accept constructive feedback;
- Good customer service skills.
- A good level of physical fitness.
